Wells Tire Supply
1612 W. Division
Springfield, MO 65802

Dear Sir:

This office has received a call from a resident near your business who indicated that you may be improperly disposing of tractor tire fluid from tires being repaired.

We have not conducted a field investigation of the allegation therefore this letter should not be considered a notice of any regulation violation. The purpose of this letter is to advise you that any wastewater created at your business must be disposed of by discharge or draining to city sanitary sewers if not already handled in that manner.

We are advising the complainant to contact us if they feel a problem still exists and a field investigation will be conducted if we are so advised.

If you have any questions, please let me know.

Sincerely,

SPRINGFIELD REGIONAL OFFICE

Ed Sears
Environmental Specialist
